## **ABSTRACT**

Library management system is a project which aims in developing a computerized system to maintain all the daily work of library .It also has a facility of admin login through which the admin can monitor the whole system. It has also a facility where student after logging in their accounts can see list of books issued and its issue date and return date and also the students can request the librarian to add new books by filling the book request form. Overall this project of ours is being developed to help the students as well as staff of library to maintain the librarian the best way possible and also reduce the human efforts.

## ACKNOWLEDGEMENT

A project is a job of great enormity and it can't be accomplished by an individual all by them. Eventually, we are grateful to a number of individuals whose professional guidance, assistance and encouragement have made it a pleasant endeavor to undertake this project.

It gives us great pleasure in expressing our deep sense of gratitude to our respected Founder Chairman Late **Shri S. Narasa Raju** and to the respected Chairman **Shri S.N.V.L Narasimha Raju** for having provided us with great infrastructure and well furnished labs.

We take this opportunity to express our profound gratitude to our respected Principal **Dr. A.S. Aravind** for his support.

We are graceful to the Head of the Department **Dr. Kanagavalli** for her unfailing encouragement and suggestion given to us in the course of our project work.

Guidance and deadlines play a very important role in successful completion of the project on time. We convey our gratitude to **Mrs. Madhusmitha Mishra** , Project Guide for having constantly guided and monitored the development of the project.

A note of thanks to the Department of Information Science Engineering, both teaching and non-teaching staff for their co-operation extended to us.

We thank our parents for their constant support and encouragement. Last, but not the least, we would like to thank our peers and friends.
